

Job Number: 21112
Job Title: Dir. Of Evaluation & Research
Job Type: DIRECT HIRE
Location: CAMDEN , NJ
Salary: \$80K - \$100K/YEAR

PNP Staffing Group is helping a top nonprofit human services agency with more than 90 years of experience serving children and families looking for a Director of Evaluation. The Director of Research and Evaluation will oversee all data collection, tracking, and analysis efforts under the Neighborhood Initiative. He or she will ensure that the design and implementation of the organization Neighborhood is based on the best available evidence, as well as effective in generating positive outcomes for children and their families. This position will be full-time and report to Program Director.

Responsibilities:

- Work closely with the local Coalition of Healthcare Providers to ensure data sharing with all partner organizations.
- Develop and revise confidentiality agreements and protocols to facilitate data sharing among local Neighborhood partners
- Monitor and track all data commitments from local Neighborhood partners on an ongoing basis
- Coordinate trainings for Neighborhood Allies and other members of the Neighborhood team who enter data into the databases.
- Manage the completion of the community needs assessment and segmentation analysis
- Review indicators of success for the Neighborhood Initiative and set challenging, but achievable, targets
- Maintain scorecards and work with all organization partners to track changes and report out to partners and the community
- Regularly compile and disseminate outcomes reports to the Neighborhood team, other staff, Neighborhood partners, and residents of the target community
- Organize both internal and external evaluations of the Neighborhood initiative in order to support continuous quality improvement
- Co-chair the Data Committee of the Neighborhood Initiative

Qualifications:

- A minimum of a Master's Degree with 7- 10 year experience in data systems development and management.
- This position requires experience with social services and results based data tracking and analysis. - Experience with Awards, ETO and RBA preferred
